

The logo features the word "imperial" in a bold, black, lowercase sans-serif font. Above the letter "i" is a stylized blue graphic consisting of three curved, overlapping shapes that resemble a flame or a ribbon. Below "imperial" is the text "fire & security" in a smaller, blue, lowercase sans-serif font. A small "TM" trademark symbol is positioned to the upper right of the word "imperial".

LIFE SAFETY SOLUTIONS COMPANY

WHY IMPERIAL?

Imperial Fire & Security have been designing, installing and maintaining fire alarms, life safety and security systems for over 20 years. We will design a tailored, bespoke solution to meet each client's individual requirements.

We supply and install products from our trusted partners, all of whom have been evaluated in compliance with ISO and NSI.

We are a full **NSI Gold** and **BAFE SP203** Accredited company providing all accreditation required for building control and insurance companies.

After installation and comprehensive handover to client we will provide a full customer after-care service ranging from standard maintenance contracts through to ensuring full legislative compliance for all of our clients.

WHO WE ARE...

Established in 1997, Imperial Fire & Security are situated in the city of Bristol and are a dedicated fire safety and security provider to many local homes and businesses in the South West and Wales.

Our team of qualified engineers manage the security of over 2,000 systems across 1200 sites in the area, keeping the occupants safe and secure.

Devoted to offering an excellent service, Imperial Fire & Security endeavour to assist customers; ensuring that we can offer a constantly high quality service to those customers and are available quickly, when needed.

TESTIMONIALS

Here is what our clients have to say!

“

At Interserve we require a very high level of service for all of our clients and that's why our supply chain is so important. That's why we choose Imperial Fire & Security for our fire and security projects, they provide a great service from design conception to commissioning and client handover.

”

Mick Collins

BEng(Hons) MSc CEng MCIBSE (Regional Director) Interserve

“

It is of paramount importance to CMB Engineering that the selection process of subcontractors is undertaken with care and consideration of clients' requirements. That's why we choose Imperial Fire & Security, not just for their technical knowledge but their professionalism from start to finish of each project.

”

Craig Baker
(Director) CMB

“

MCS's unique culture is part of our DNA and it's an underpaying factor in our success. Working with Laurence and his team at Imperial Fire & Security gives us the confidence that our fire and security systems will be delivered on time and in budget, always going the extra mile for our customers Imperial Fire & Security is no exception.

”

Luke Van Mazyk
MRICS (Director) MCS Ltd

TESTIMONIALS

Here is what our clients have to say!

“

Amber was founded on the ethos of providing creative, innovative design and high levels of service to our clients. Working with Imperial Fire & Security as one of our design consultants, using their technical knowledge enables us to provide fully compliant designs to current standards across the fire and security spectrum.

”

Gavin Hanks
(Design Engineer)

“

We engineer, manage and optimise smart spaces and places leveraging emerging technologies for our customers that improve where people work, learn and live. Using Imperial Fire & Security for technical design, installation and servicing for fire and security systems has proven to be very beneficial for SPIE and our clients.

”

James Campfield
(Contracts Manager) SPIE

“

As an agile, innovative Facilities Maintenance company led by accessible, hands-on owner-directors, ECGFS provides a world class service that adds efficiency and value to the clients' business. One of the ways we achieve this by using 1st class professional specialists and Imperial Fire & Security is no exception.

”

Paul Cleeve
(Senior Contracts Manager) ECG
